## Feedback about our Training Programme:

The accommodation and the organization during the interpool seminar was as good as its content. The seminar required from the participants a great deal of commitment and that was of great value for my personal reflection.

*Dr. Mojca Peternel, Slovenia*

I was really very surprised and excited with this training. It was interactive and practical (work in groups, presentations, discussion etc.). Everything was very good: organization, material, trainers and also the free time activities.

*Kamila Fojtíková, Czech Republic*

For me it was a unique chance to meet and work with people from all over Europe and to learn about their perspectives towards work and life.

*Lars Jachmann, Germany*

A great experience for internal reflection, improving my knowledge of the EU and meeting people from other countries!

*Cristina Ferreira Crespo, Portugal*
